

## **Placing Workers in Europe: Fostering Collaboration among Employment Agencies in Asia and Europe and Ethical Recruitment**

### **Workshop purposes**

- Promoting collaboration and networking between employment/recruitment agencies in Asia and European countries.
- Disseminating and promoting ethical and good recruitment practices.

### **Learning objectives**

#### **Session 1**

- To increase knowledge and understanding of labor migration opportunities and procedures in EU member states.
- To increase knowledge and understanding of labour market needs in EU member states and sources of information.
- To increase understanding of foreign labour demand and issues around supply in Asia.

#### **Session 2**

- To increase knowledge and understanding of the international legal framework for the protection of migrant workers and good practices on recruitment of workers.
- To identify the ways in which provision of the Conventions and good practices are put into practice in the day-to-day work of the manpower agencies.

#### **Session 3**

- To understand the roles of manpower agencies and increase knowledge and understanding of how the manpower agencies operate within and outside their countries, including exchange of experiences and good practices.
- To make acquaintance and build contacts among the manpower agencies of various countries.

#### **Session 4**

- To identify possible mechanisms of collaboration among the manpower companies in Asia and Europe.
